

Second ASEAN Museum Directors' Symposium: The Role of ASEAN Museums in the 21st Century

Singapore, 19-20 August 2009

How do ASEAN museums strategise and manage the different aspects of their work and what impact will this have on their role in an increasingly globalised world?

The Second ASEAN Museum Directors' Symposium brings together representatives from public and private museums around the ASEAN region to explore current best practices in building community partnerships. It includes case-studies presented by the future generation of museum leaders and will encourage dialogue between museum industry professionals. Commonalities and innovative practices will be identified that will further consolidate the position of ASEAN museums in the 21st century.

The First ASEAN Museum Directors' Symposium was organized by the National Heritage Board (NHB) in 2007.
