

## The National Museum of Singapore

With a rich history dating back to its inception in 1887, the National Museum of Singapore is Singapore's oldest museum with the youngest and most innovative soul. Designed to be the people's museum, the Museum prides itself on introducing cutting-edge and varied ways of presenting history to redefine conventional museum experience.

Described as the latest cultural icon, the museum is far from being just a space for exhibitions and artefacts. It hosts challenging and vibrant festivals and events all year round. The programming is supported by a wide range of facilities and services including F&B, retail, Resource Centre, Gallery Theatre and the Public Sculpture Garden among others. The National Museum of Singapore re-opened in December 2006.
